

SUMMER SOCCER TOTS

The Greenville Soccer Club is exploring the possibility of launching a Saturday soccer program tailored to preschool-aged children. This program would introduce toddlers to the joys of soccer in a fun and engaging environment, helping them develop basic skills, coordination, and a love for the sport. We would love to hear from interested families to better understand the demand and tailor the program to suit your needs.

If you would like your little ones to participate, please reach out to us via email at GreenvilleSummerSoccer@gmail.com. Your feedback will help us bring this program to life!
